DETAILED ACTION

Allowable Subject Matter

1. Claims 4, 14, and 18 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose or fairly suggest (in combination with the other claimed elements) the additional limitation of having buffer layers placed at the same plane as the gate lines or data lines, positioned between the neighboring separated portions of the black matrix. Claims 4 and 18 are therefore allowed.

The prior art also does not disclose or fairly suggest (in combination with the other claimed elements) the additional limitation of a common electrode on the second substrate having opening portions over the semiconductor pattern between the neighboring data lines. Claim 14 is therefore allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
